Dear Dennis:

I understand you have a new actuarial position. Congratulations.

There is enclosed an item for you or some member of EAC to read at the general meeting in Boston in April 1998. I do not plan to be there and therefore cannot present it myself. I will appreciate it if you would put it on the agenda and read it. If there is any reason this cannot be done please let me know. I believe it might be helpful to have a few extra copies to give out to members after it is read.

Thank you for your cooperation.

My best,

Eric P. Newman
